Dear NSW Electoral ~~Commission~~  
Districts Redistribution Board.

As an Edmondson Park resident I would like to raise concern with the recent redistribution. As a result Edmondson Park remains within the Macquarie Fields electorate, I personally and all my neighbours and friends who live in Edmondson Park ~~do~~ have minimal business and do not identify with the Macquarie Fields area, the majority of which are below Campbelltown Rd.

We believe it would be more appropriate to make Edmondson Park part of the Leppington Electorate, as a voice for the people who live in growth centres and where the people of Edmondson go to live, work and play. We have very little business with Macquarie Fields and the adjoining suburbs.

Kind Regards,
