Document History

Year	Amendment	Explanation
2019	1	<p>Motion: Replace clause 17 in the Constitution with the text in Amendment 2019-1.</p> <p>Explanation: This amendment impacts who is a Delegate, how they become a Delegate and how long they serve as a Delegate. The amendment requires Delegates to be elected every two years (instead of annually) and grants Automatic Delegate status to MPs. For clarity, if this passes, the intent is that current delegates / committees would serve for a two-year term. The amendment also allows State Committees to recommend members to become Delegates when there are vacancies but only in Board of Directors’s first year of office so that the (Board of Directors) election process is not unduly affected.</p>
	2	<p>Motion: After 53.1 in the Constitution, insert the text in Amendment 2019-2 as new sub-clause 53.2.</p> <p>Explanation: The amendment allows for non-Delegates to be appointed to Board of Directors on a casual basis should no Delegates apply for the role. This will prevent a repeat of the situation in 2019 where Board of Directors had no National Treasurer and no Delegate to fill the casual vacancy.</p>
	3	<p>Motion: Replace clause 54.1 in the Constitution with the text in Amendment 2019-3.</p> <p>Explanation: The amendment extends Directors’ terms of office to two years, matching the extended Delegate terms (as proposed in Amendment 2019-1). This applies to current elections, so Directors elected in 2019 shall hold office until the conclusion of the annual General Meeting in 2021.</p>
	4	<p>Motion: Replace clause 29.1 in the Constitution with the text in Amendment 2019-4.</p> <p>Explanation: The amendment replaces the reference to “Voting Member” with “Delegate”. This affirms the Party’s commitment to the Delegate system of governance and simplifies who needs to be notified of General Meetings.</p>
	5	<p>Motion: Replace clause 39.1 in the Constitution with the text in Amendment 2019-5.</p> <p>Explanation: The amendment clarifies who may vote at a General Meeting, ensuring that only Delegates (elected by members to govern the Party) may vote. This protects the integrity of the Party’s internal elections and ensures that General Meetings are fair and democratic. Without the amendment, there is an unfair disadvantage to states not hosting the General Meeting as their Delegates may be outnumbered by the Voting Members present.</p>

	6	<p>Motion: Replace clause 29.3 in the Constitution with the text in Amendment 2019-6.</p> <p>Explanation: This amendment will only be proposed if Amendment 2019-5 is passed. The amendment removes a redundant reference to Voting Members with 95% of the vote and replaces this with a reference to Delegates. The result is that only Delegates can decide if a General Meeting can proceed without the required notice.</p>
	7	<p>Motion: In the Constitution after subclause 56.6 insert the text in Amendment 2019-7 as new subclause 56.7.</p> <p>Explanation: The amendment simplifies how Board of Directors may propose amendments to be voted on by Delegates. Amendments will be proposed by Board of Directors rather than by the individual Directors. This does not impact the right of Delegates to propose Delegates’ Resolutions.</p>
2021	8	<p>Motion: In the AJP Constitution, replace every instance of</p> <ul style="list-style-type: none"> ● “NatCom” with “Board of Directors” and ● “NatCom Member” with “Director”. <p>Explanation: This motion updates the language used within the Animal Justice Party to refer to the governing board. While “NatCom” has been used historically this has created confusion where a) Members believe NatCom to be analogous to a State Committee and b) operational and governing responsibilities both end up with the NatCom where governance should be prioritised. The new terminology more closely represents a corporate structure and more clearly defines the role of that committee.</p>
	9	<p>Motion: Throughout the AJP Constitution:</p> <ul style="list-style-type: none"> ● Delete the definition of “State Parties” ● Replace every instance of “State Parties” with “State Branches” ● Insert the definition of “State Branch”: “means a grouping of Members according to their state or territory which may be managed by a State Committee.” <p>Explanation: This motion deletes language that is not in use, State Committees presently run “State Branches” and not “State Parties”. Use of the term parties is also confusing as the Animal Justice Party is one single party (consisting of Branches and Regional Groups).</p>
2022	10	<p>Motion: In the Animal Justice Party Constitution, replace every instance of: “he or she makes” with “they make” and “his/her” with “their” and “he/she owes” with “they owe”.</p> <p>Explanation: Explanation: Given one of the Party’s core values is Equality, it is appropriate to amend the Constitution to remove gendered terms where they are clearly</p>

		<p>not needed, and certainly not best practice; and even offensive. We are an inclusive Party and there is no need to use gendered pronouns, especially in high-level documentation.</p>
<p>11</p>		<p>Motion: In the Animal Justice Party Constitution, replace clause 69.5 with the following: “A successfully elected candidate will donate 10% of their gross parliamentary income or local government stipend to the Party for as long as they hold public office as a consequence of being elected to parliament on the Party’s platform. Where such payment would, in the opinion of the Board of Directors, be unwarranted or inappropriate, the Board of Directors may vary, waive or suspend the contribution for any period of time.”</p> <p>Explanation: Under the current Constitution, the Board is unable to vary, waive or suspend the tithe. Delegates would need to vote to amend the Constitution at a Special or Annual General meeting in order for the Board or the State Branches to have the power to vary, waive or suspend the tithe. While the tithe received from elected representatives is of financial benefit to the Party, the current Constitution does not provide flexibility in situations where elected representatives receive a low stipend or are experiencing financial hardship. A ‘one size fits all’ approach is not suitable. Further, mandatory tithes should not be an inhibitor to members standing for election. Given our core values of Kindness and Rationality, the Board of Directors believes it appropriate to amend the Constitution to allow for elected representatives to be able to seek and be given, where appropriate, relief from payment of some or all of the tithe.</p>
<p>12</p>		<p>Motion: To amend the Animal Justice Party Constitution as follows:</p> <ul style="list-style-type: none"> ● Insert a preamble titled “Animal Justice Party Charter” before “Preliminary”; ● Insert the text of the Animal Justice Party Charter (as ratified by the Delegates at the 2019 Annual General Meeting) within the new “Animal Justice Party Charter” preamble; and ● Replace the definition of ‘Animal Justice Party Charter’ in the dictionary to now read: “means the Animal Justice Party Charter which forms part of this Constitution as a binding preamble.” <p>Explanation: The Delegates proposing the amendment believe the amendment to be necessary for the long term success of the Party for the following reasons:</p> <ul style="list-style-type: none"> ● The Animal Justice Party Charter (‘Charter’) outlines the complete ideology of the Party; ● The Party’s purpose(s) include electing people who are committed to the Charter and developing policies consistent with the Charter; ● While convention is for the Delegates to vote on changes, in fact the Charter may be amended by the Board of Directors at any time; ● The Charter is such a foundational document that changing it can completely change the AJP and so it ought not be amended other than by Special Resolution of the Delegates as representatives of the Party’s Members; and

		<ul style="list-style-type: none">• This motion does not imply that the current Charter is perfect, but seeks to change the process to enable the Delegates to propose and review future changes.

Constitution of Animal Justice Party Limited

Animal Justice Party Charter

November 2019

The Animal Justice Party was formed in response to public concern about political parties' failure to address the issues concerning animals and nature. Part of a worldwide sisterhood of animal rights parties, the Animal Justice Party is the political body advocating for the rights of animals and nature in Australia. We represent our fellow members of the Earth community who cannot vote or advocate on their own behalf within our human democratic institutions of government. Australians are frustrated by the lack of political action to assist the wellbeing of animals and protect our planet. We are the party to change that. Australia needs laws and processes which recognise animals' needs and capabilities and which protect their interests, whether they are domestic, farmed or wild. The Animal Justice Party will also ensure such laws and processes are properly enforced and implemented to achieve genuine justice for animals.

Our treatment of animals and the environments we share with them are often marred by a lack of understanding, leading to disrespect and cruelty. At a time when the planet's environment is being challenged on so many fronts, we must urgently act to ensure that all animals that both contribute to and depend on it are respected and valued for their intrinsic and fundamental roles. We reject anthropocentrism and speciesism among other forms of oppression and violence. We need to build a new relationship with the planet that is inclusive of all of its inhabitants. With a fresh approach towards animals and the ecological systems of Earth, humans can create more rewarding and ethical communities and relationships built on deeper understandings and firm principles of justice. Our species must become a caring and responsible member of the wider Earth community.

The Animal Justice Party seeks a restoration of the balance between animals, nature and the human world which acknowledges the interconnectedness and interdependence of these worlds, and respects the wellbeing of non-human animals alongside that of humans.

Vision

A planet on which animals and nature have the right to live and thrive free from negative human interference and a human society which functions with kindness and compassion within its ecological limits as a responsible member of the Earth community.

Mission

To secure the interests of animals and nature through Australia's democratic institutions of government.

Fundamental Factors

To implement its vision and give effect to its mission, the Animal Justice Party recognises the importance of the following:

1. An **education system** which fosters in its values an awareness of the natural and animal worlds, and of human responsibility to ensure the wellbeing of the Earth and its inhabitants.
2. A **political system** in which participatory, deliberative democracy can be exercised so that citizens have the ability to express their true concerns about the treatment of animals.
3. An **administrative system** in which governments and institutions deal with animal and environmental issues in a transparent, honourable and accountable manner.
4. An **economic system** in which ethics, the protection of the natural world and its inhabitants, and the realisation of capability of all beings are highly valued for their intrinsic role.
5. A **societal system** which promotes kindness and rejects violence oppression, and inequality.
6. A robust **legal system** that recognises and protects the interests and capabilities of animals, nature, and humans.
7. A **population settlement** and land use system that is truly sustainable for all its inhabitants and ecosystems, recognising that our species is but one member of a wider Earth community.

Principles

In all its actions, the Animal Justice Party will be guided by the following principles:

1. Each animal is the experiencing subject of a life. Animals and the natural environment should be respected for their own sake, not merely for their instrumental values
2. Animals have their own capabilities which they should be free to realise
3. Human interactions with all animals should be based on respect and compassion
4. Humans have the responsibility to avoid harm to animals and the environment through their lifestyles, diets and practices
5. Policies of other political parties, both nationally and internationally, that advance Animal Justice Party principles will be supported.

Key Goals

The Animal Justice Party seeks the following:

1. A legal framework and an administrative system in which animals' status is based on their sentience and capabilities, not their instrumental value, and protected individually through legal rights and collectively through rights of nature laws
2. International agreements which promote the interests and protection of animals and nature
3. A political decision-making process that is more responsive to the needs and interests of all animals
4. An end to human practices that cause pain and distress to animals
5. An end to the exploitation and killing of animals for human benefit
6. An end to the exploitation and destruction of the natural environment
7. Assist Australian consumers and industry in adopting lifestyles, diets and practices that are more respectful towards animals and nature
8. A society based on kindness, equality and rationality which opposes violence in all of its forms.

Key Strategies

The Animal Justice Party will:

- Develop a new legal status for animals which acknowledges their rights to live protected from human harm
- Ensure consistency in the protection of all animals – companion, farmed and wild – regardless of their commercial or instrumental value, or their geographic location
- Transition away from exploitative and harmful practices, providing Australians with kind and meaningful alternative employment where relevant
- Support laws, policies and practices that enhance the quality of life of animals and reduce animal suffering
- Oppose laws, policies and practices which harm animals and nature
- Support and promote lifestyles, practices and diets which maximise support for, and minimise harm to, animals and the environment
- Support the work of appropriately accredited volunteers who care for injured, orphaned and mistreated animals
- Support commercial and recreational ventures that provide opportunities for humans to spend time with animals on the animals' terms and in their worlds, and otherwise raise humans' awareness of animals, their needs, and their quality of life
- Support those who advocate for animals and nature while protecting whistleblowers who expose violence within our society
- Support greater transparency around decisions affecting animals and nature while opposing attempts to hide or entrench violent and exploitative practices.
- Promote values education that recognises the interests and dignity of animals as individual beings.
