

Please provide additional information and supporting documentation as attachments.

Electoral districts should reflect communities of common interest.

e.g. Berrima should be associated with Bowral and Moss Vale

e.g. There is no community interest between The Oaks and Bowral, both in Wollondilly

e.g. There are parts of the Wollondilly electorate which cannot be reached by road without going out of the electorate.

e.g. In Albury electorate, there is no community connection between Jerilderie and Khancoban.

There are many other examples.
